Simona Ognenovska, works as project officer in the Department for Civil Society and Democratization. She was born on 14.7.1987 in Skopje. Completed master studies from the Faculty of Economics, department marketing management, at the European University-Skopje, and prepared her master thesis titled “The effect of social responsibility of small and medium sized businesses upon the consumer buying behavior in Republic of Macedonia”. She became actively involved in MCIC program activities as a volunteer in November 2011, and since August 2011 she became full-time employee. Her focus is mainly to support the activities for development of an enabling environment for civil society actively involved in the law-drafting and public policy creation processes.
